Thomas Knox, Caltrans

Phone: RCTC, (951) 787-7969; Caltrans, (909) 383-6733 or (909) 383- 4631

WHAT: FREDERICK STREET OFF RAMP ON STATE ROUTE 60 TO CLOSE
Rare Daytime Closure Scheduled between 9 a.m.

WHEN: December 3, 2004

WHERE: Moreno Valley

Cold, frosty temperatures at night will lead to a temporary daytime closure of the Frederick Street off ramp on the eastbound side of State Route 60 on Friday, Dec. 3.

Unseasonably cold temperatures have made it impossible to use asphalt in paving operations. With the holiday shopping season only a few weeks away, a rare daytime closure is necessary this Friday for the repaving of the eastbound Frederick Street off ramp. The eastbound ramp will be closed from 9 a.m. to 3 p.m.

The work is part of a project to add six miles of carpool lanes on SR 60 through the City of Moreno Valley. Along with the addition of the carpool lanes, the project includes a number of improvements to on and off ramps including Fredrick Street. The \$26 million project is currently 10 months ahead of schedule and set to open early next year. The paving work on Frederick Street is one of the last items of work to be completed as part of the project.

The State Route 60 project is a joint project of the Riverside County Transportation Commission and the California Department of Transportation is being funded with a mix of federal, state and local funds.

Work crews will reopen the ramp when repairs have been completed. Motorists are advised drive with extra caution around any closure. Please remember to stay alert, stay smart and always **SLOW FOR THE CONE ZONE.**
